Policy: Policies and Standard Operating Procedures

Adopted by Board of Park Commissioners: 2006

The BPRYCS Department Policy Manual was established in 2006 by department personnel in conjunction with the Board of Park Commissioners. The Policy Manual provides guidance and direction for department personnel in order to carry out their work and achieve the department’s mission. While policies can be introduced or modified throughout the year, the Policy Manual is formally reviewed and adopted by the Board of Park Commissioners on an annual basis.

Policy Approval Structure

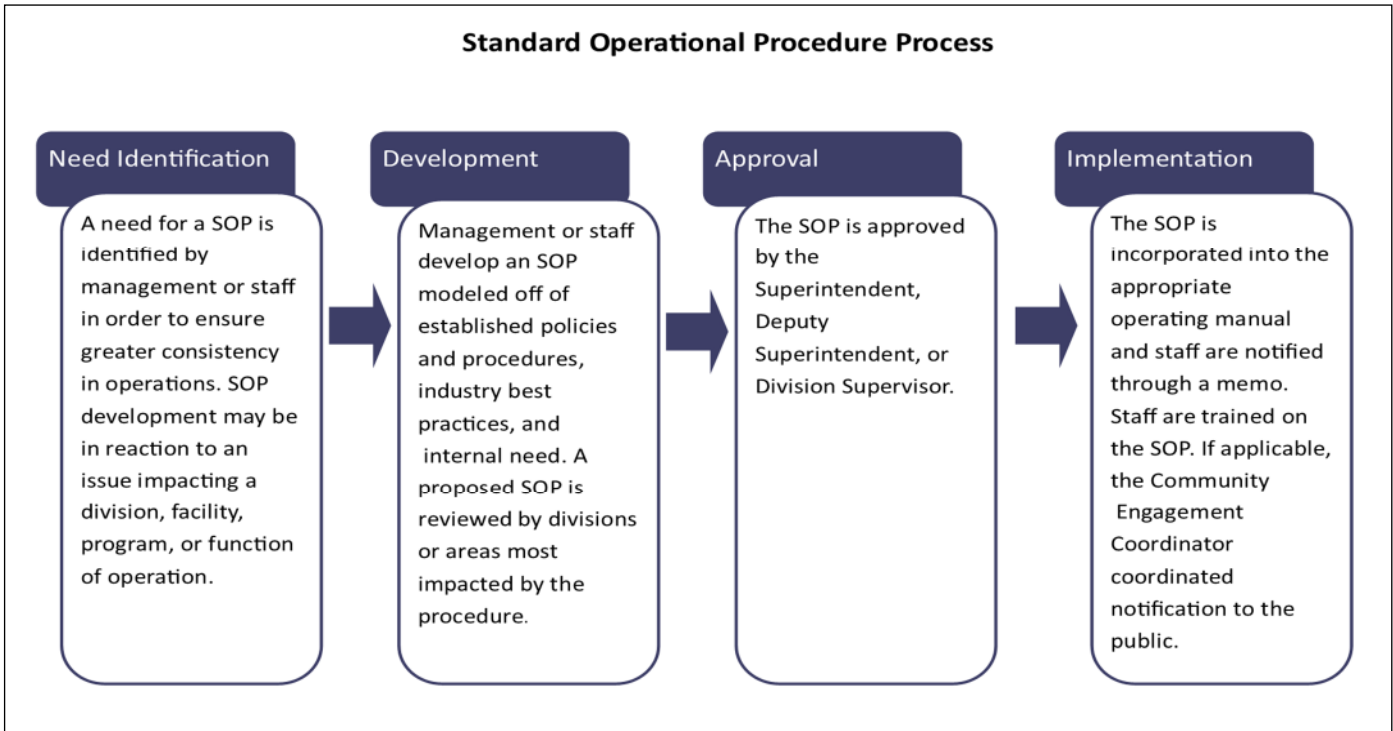

Steps	Phase	Actions
1	Initiation	A new policy or policy revision is deemed to be needed through internal or external factors.
2	Development	The Superintendent or designee engages in research and development of a policy incorporating industry and national best practices, policies adopted by similar agencies, and other data relevant to the policy creation. The Superintendent may incorporate feedback from impacted staff members, user groups, and internal committees as deemed appropriate.
3	Review & Approval	The Superintendent presents the new or modified policy to the Policy Committee of the Board of Park Commissioners for their input. Committee input is incorporated and then presented to the full Board of Park Commissioners for formal adoption.
4	Publication & Management	Newly approved policies are incorporated into the Policy Manual and communicated out to department personnel. Training on the new policy may be provided to staff as appropriate. New policy is monitored for success in achieving desired outcomes.

Policies Requiring Ordinance Change

Policies that require ordinance changes are referred by the Board of Park Commissioners to the City of Bristol Ordinance Committee. The Ordinance Committee review the policy and may seek input from other departments impacted by the policy. A public hearing is scheduled regarding the proposed ordinance. Following the public hearings, the Ordinance Committee votes to oppose the change or refer it to the City Council for final approval. The City Council votes to approve or oppose the ordinance change. Should the ordinance be approved, it goes into effect two weeks following council approval.

Standard Operating Procedures

A Standard Operational Procedure (SOP) is a rule or process established by the Superintendent, Deputy Superintendent, or Division Supervisor that typically impacts the operation or use of a specific area, such as a division, facility, program, or function. SOPs are designed to support the staff in executing the department’s mission through detailed operational instruction. SOPs are the responsibility of the Superintendent or designee and do not require Board approvals. SOP’s do not supersede federal, state, and/or local laws, Board of Park Commissioner policies, or administrative policies, rules and regulations, but may provide more clarification to these governing rules. Standard Operating procedures are located in the department’s shared Parks “O” Drive.

Policy: Operational Coordination and Cooperative Agreements
Adopted by Board of Park Commissioners: October 2023

The BPRYCS Department holds cooperative agreements for the operation and management of several key facilities through Memorandums of Understandings (MOU). This includes:

- **Pigeon Hill Preserve-** This 66-acre passive open space park was opened in the spring of 2023 and is supported by a Habitat Management Plan created by the Environmental Learning Centers of Connecticut (ELCCT). In November 2022 the Board of Park Commissioners approved an MOU for a joint Maintenance Management Plan between the BPRYCS Department and the ELCCT. The plan outlines shared maintenance responsibilities and is available at [5325_mou_signed.pdf \(myrec.com\)](#).
- **Board of Education (BOE) School Fields-** In May 2023 the Board of Park Commissioners adopted a Board of Education School Fields Maintenance and Management Plan aligned with long standing priorities established in the Master Plan. The agreement provides scheduling and maintenance jurisdiction to the BPRYCS for the elementary school fields, middle school fields and BAIMS field. The plan is available at [5326_boe_school_field_proposal_adopted_plan.pdf \(myrec.com\)](#).
- **Downtown Live at the Rockwell Theater-** In alignment with the opening of BAIMS in September 2022, the BOE and BPRYCS entered into an agreement for the joint use of the Rockwell Theater. The BOE retains responsibility of the theater and its assets as well as the educational programs and rentals. Black-out dates are assigned annually for BPRYCS to program community shows as part of the Downtown Live at the Rockwell Theater series.

MOU's are reviewed on an annual basis by associated personnel and relevant boards and commissions including the Board of Park Commissioners and the City Arts and Culture Commission.

Policy: City Wide Parks, Recreation, Youth & Community Services Master Plan
Adopted by Board of Park Commissioners: February 2021

In 2020, the BPRYCS Department retained the services of *Activitas* and *Pros Consulting* to guide the staff and Board of Park Commissioners in the formation of the first *City Wide Parks, Recreation, Youth & Community Services Master Plan*. The overarching goal of the plan was to identify current and future needs for the City of Bristol to help guide the Department for the next 5 to 10 years. Additional goals that were codified in the master plan include:

- Gain a better understanding of community needs
- Identify gaps of service, programs and facilities not currently being met
- Identify future trends and benchmarking through the National Recreation and Parks Association and other standards
- Creation potential park renovation/improvement designs for future development with estimated associated costs for such improvements
- Address plans for deferred maintenance
- Define future Capital Improvement Projects as well as staffing/equipment needs to meet recreation and park objectives
- Guidance in the prioritization of projects
- Develop a phased plan for ADA Compliant Upgrades
- CAPRA Accreditation Review

In order to achieve these goals, the following tasks were completed:

- Review and research of existing documentation to build upon what has been previously developed
- Comprehensive, systematic community engagement process
- In-depth site analysis for all of the city parks
- Review each park for ADA compliance and provide recommendations where necessary
- In-depth comprehensive site plan for Page Park
- High level overview of Board of Education facilities
- Inventory of existing city park assets and review of city open space and properties
- Identify and recommend programming and maintenance plans
- Identify sustainability plans and green initiatives
- Recommendations for aggressive and sustainable funding sources

The *City Wide Parks, Recreation, Youth & Community Services Master Plan* process was conducted during the COVID-19 pandemic. Therefore, the process was slightly altered due to the inability to conduct in-person public meetings, and focus group interviews, however, by use of virtual meetings, the process was able to be altered in order to achieve the same result that would have occurred without the pandemic. Best practices dictate that a system wide master plan should be conducted every ten years. The BPRYCS department will endeavor to retain a professional firm for a new Master Plan in 2030.

The 5 focus areas of strategic work for the 2022-2024 plan include:

 - Implement site specific master plans for every park across the system in order to plan for the future
 - Establish and engage in processes that amplify and empower diverse community voices for the design and development of park and facility improvements
- **Park & Facility Management**

Policy: Community Engagement Plan

Adopted by Board of Park Commissioners: May 2022

Aligned with BPRYCS Department mission and vision to deliver high-quality services and facilities while shaping positive public perceptions, the BPRYCS Department has adopted a formal Community Engagement Plan (CEP) to be utilized in design and development of public parks and recreational amenities. The plan provides the Community Engagement Process framework, engagement toolkit, and explicitly identifies methods of engagement for the inclusion of diverse perspectives. A CEP helps build trust among community members and the department, increases civic participation, develops a community’s sense of ownership over park spaces, decreases unforeseen conflicts or problems, and creates an overall higher-performing public parks and recreation agency that is reflective of the community.

Community Engagement Process Framework

The Community Engagement Process framework provides the roadmap by which department staff will interface with and intentionally solicit feedback from the residents of Bristol.

Figure 1. Community Engagement Process Framework

Phases of Community Engagement	Examples
Planning	<ul style="list-style-type: none"> • Develop project description, budget, and scope. • Establish a timeline for engagement that is aligned with project time frame • Define engagement spectrum (inform, consult, or collaborate) • Select engagement tools applicable to the project (note: there is no one size fits all). • Identify engagement venues and reserve space if needed. • Assign staffing for community engagement activities • Develop the engagement materials (i.e. surveys, handouts)
Communications	<ul style="list-style-type: none"> • Develop media releases (social media, press release, newsletter, flyers) to communicate engagement opportunities, schedules and timelines. • Prepare schedule for communicating results of the community engagement activities.
Implementation	<ul style="list-style-type: none"> • Execute the planned community engagement activities • Utilize established tools to properly collect data.
Analysis	<ul style="list-style-type: none"> • Review and analyze the results of the community engagement activities.

Reporting	<ul style="list-style-type: none"> • Develop a community engagement project report that reflects the findings and any analysis completed from the process. • Communicate the results with staff, boards/commissions, elected officials, and the public as appropriate.
Evaluation	<ul style="list-style-type: none"> • Review and evaluate the success of the community engagement process. • Document the challenges and successes of the engagement process. Define improvements for future processes.

Community Engagement Toolkit

Whereas the Community Engagement Framework outlines the process by which staff will conduct public engagement, the toolkit provides a menu of options and methods for collecting data. There is no “one size fits all” for community engagement and thought needs to be put into which tools and methods are needed for a specific project. Where possible, a mixed methods approach is desirable in order to vary the collection methods to capture different audiences.

Figure 2. Community Engagement Toolkit

Collection Method/Instruments	Description
Focus Group	<ul style="list-style-type: none"> • Organize a small group of stakeholders to discuss the project and provide input. Focus group recruitment should be intentional with specific users identified.
Tabling	<ul style="list-style-type: none"> • Set up a table on a BPRYCS or community special event to discuss the project. Posters or visuals should be available. QR codes and integration of technology for feedback should also be included.
Interviews	<ul style="list-style-type: none"> • Conduct 1-on-1 interviews with specific stakeholders of the project.
Public Meeting	<ul style="list-style-type: none"> • Hold a public meeting to allow community members to discuss, provide input and review plans. Meeting locations should vary and ideally be held in walking distance to the end users.
Online Survey	<ul style="list-style-type: none"> • Develop an online survey utilizing survey monkey to ask questions and gather quantitative data.
Social Media	<ul style="list-style-type: none"> • Utilize BPRYCS social media pages to solicit feedback, engage in voting
Knock doors/house visits	<ul style="list-style-type: none"> • Staff representatives can go door to door with materials for area neighbors to hand

	out information and solicit informal feedback into projects directly impacting them.
--	--

Inclusion of Diverse Perspectives

Ensuring the community engagement process is inclusive and meaningful requires thoughtful and deliberate planning to ensure our city parks and recreational amenities are created by the people they are intended to serve. Community engagement attempts can fail to truly represent when people that experience inequities, high risk living in poor environments and/or experiencing negative health outcomes (e.g., people of color, low-income neighborhoods, people with physical and cognitive disabilities, etc.) are not engaged.

During the community engagement planning process, staff should identify potential stakeholders and community groups that should be included in the data collection. Where possible, representatives from those communities should be contacted to see if there are interested parties to participate in the engagement activities. Community engagement planners should consider going to organizations with connections to diverse populations (BARC, NAACP, and Interfaith Coalition for example).

Demographic information should be collected at each of the community engagement activities. Data should be reviewed and included in the final reports in order to determine if the demographics reflect the larger community. Data should inform deficits in which community groups were missing from the engagement activities and then plans developed for future engagements.

Policy: Americans with Disabilities Act (ADA) Transition Plan
Adopted by Board of Park Commissioners: May 2022

In order to achieve the department's vision to impact the lives of all Bristol residents, further its core value of commitment to diversity, equity and inclusion, and meet the legal requirements of the Americans with Disabilities Act (ADA); BPRYCS has developed a comprehensive ADA Transition Plan.

Site accessibility deficiencies and compliance issues are well documented within the *City Wide Parks, Recreation, Youth & Community Services Master Plan*. Millions of dollars' worth of upgrades are estimated to be required to address the deficiencies and even more for universal design access. Recognizing that work cannot be completed overnight, the ADA Transition Plan details the methods to be used to ensure compliance with ADA accessibility requirements. The ADA Transition Plan includes the following components:

- Overview of ADA and its Relationship to Other Laws
- Designation of Responsibility
- Agency Self-Evaluation
- Communications, Information & Facility Signage
- Building Facilities and Related Parking Lots
- Pedestrian Facilities/Public Rights-of-Way
- Public Outreach
- Public Notice of ADA Requirements and Grievance Procedure
- Progress Monitoring and Transition Plan Management

In accordance with 28 CFR 35.107(a), BPRYCS has designated the Deputy Superintendent as the department's ADA Title II and Transition Plan Implementation Coordinator, to oversee the department's policies and procedures, monitor the department's progress and manage review and updates of the transition plan in conjunction with the formal approvals of the Board of Park Commissioners.

General Updates & Highlights: The Superintendent compiles weekly updates on department happenings and sends them to all commissioners (Board of Park Commissioners, Youth Commission, and Arts & Culture Commission) as well as City Councilors and department staff. The emails highlight major staff work accomplishments, upcoming events and important dates. Additionally, Division Supervisors prepare a monthly report that includes qualitative and quantitative data on their programs, events, and services. The monthly report is included in commission board packets as part of the agenda. Division updates are also shared by the supervisors at the monthly Leadership Team meetings as a means to communicate important happenings and upcoming dates with colleagues. Finally, the Community Engagement Coordinator prepares a weekly newsletter that is emailed to our external users through Constant Contact; department staff are also signed up for the newsletters as another means of receiving general information on department happenings.

Important Documents & Forms: Staff utilize a shared “O” Drive for storing, sharing and updating work files and important documents. Staff also have access to a City Intranet where general human resources/benefits/access forms are stored. The Community Engagement Coordinator also maintains a marketing toolkit through the “O” drive where department programming staff can access templates for press releases, flyers, and other marketing materials to aid in the marketing of their programs, events and services. Finally, an internal employee classroom is maintained by Division Supervisors for part time/seasonal staff to access various forms, paperwork and training materials associated with their position.

Urgent Issues: In the event of an urgent or pressing issue, the department staff member receiving the issue will inform the appropriate supervisor or staff member in person, over the phone, or via the Parks radio system depending on the nature of the situation. Follow-up emails are also sent in the event further action is needed. For critical issues staff members inform the Superintendent and/or Deputy Superintendent as soon as possible.

Policy Changes: Policies are reviewed on a regular basis and are added, modified and adopted by the Board of Park Commissioners. The Superintendent and/or Deputy Superintendent may consult appropriate staff members for policy input depending on the nature of the policy. Once the policy has been formally adopted by the Board of Park Commissioners the policy is introduced to impacted department staff through a formal memo. Memos are sent via email, posted in staff common areas on information boards, and communicated in person at leadership meetings.

Budget Usage: Financials are tracked on a regular basis by the Superintendent, Deputy Superintendent, Assistant to the Superintendent and division supervisors. Year to date financials are reviewed monthly as a standing agenda item in the Leadership Team meeting. The Year-to-date financials are also

presented by the Superintendent monthly at the regular Parks, Youth & Arts & Culture commission meetings. Issues with budget usage are communicated to the appropriate supervisor face-to-face, over the phone and/or via email depending on the nature of the issue. The Superintendent provides updates on the fiscal year budget process during the Leadership Team meetings.

Special Presentations: Leadership team members deliver special presentations to the various boards and commissions upon request and as needed. The Superintendent presents the Annual Year in Review presentation which highlights department accomplishments and goals for the year, the Deputy Superintendent presents the Annual CAPRA Update to inform Park Commissioners of the accreditation status, and the Community Engagement Coordinator presents the Annual Fundraising Strategy which highlights fundraising events, amounts, and strategy. The plan is endorsed by the Fund Development Committee of the Board of Park Commissioners. Various department staff are called on to present updates, and special informative sessions on various topics as needed.

Skill Building & Professional Development: Department staff engage in regular professional development opportunities as appropriate to their position in the department. Full time staff attend annual conferences (state and nationally), quarterly trainings, webinars, and other trainings as professional development budgets permit. In addition, in-service trainings, orientations and other staff meetings are held by Supervisors to review expectations and build division specific skills. Quarterly Diversity, Equity and Inclusion trainings are organized by the DEI committee of the department and are mandatory for all full-time staff.

Policy: Recruitment and Promotion Process

Adopted by City Council: October 2023

BPRYCS employs over 300 full-time, part-time and seasonal workers throughout the year to execute the department's mission.

Recruitment Goals and Strategy

BPRYCS strives to attract highly-qualified applications for every position and desires to select employees who bring a combination of talent and passion to the department. BPRYCS Department's recruitment objectives include:

- To attract highly-qualified applicants with desired education and certifications,
- To attract applicants who possess a combination of talent and passion, and
- To encourage workplace diversity by following all applicable laws related to equal opportunity employment.

Employment opportunities are posted at the City of Bristol website [EMPLOYMENT | Bristol, CT - Official Website \(bristolct.gov\)](http://EMPLOYMENT | Bristol, CT - Official Website (bristolct.gov)). Per union contracts all Local 1338 and Local 233 positions are first posted internally via an internal posting job board located at the BPRYCS Main Office and satellite offices including the Dennis Malone Aquatics Center and Rockwell Maintenance Building. All Bristol Professional Supervisors Association (BPSA) jobs are posted both internally and externally at the same time. In addition to local postings, notifications for department openings are posted at relevant state associations including the Connecticut Recreation and Parks Association and the Connecticut Youth Services Association websites.

Promotion Process

When possible, the BPRYCS prioritizes the promotion of internal staff members that qualify. For 233 and 1338 union positions, the employee with the most seniority, that meets the qualifications, has the first opportunity to qualify for the job. Promotions, testing and probationary qualification periods are established in *Article IV Promotions* of the collective bargaining agreements between the City of Bristol and Local 233 and 1338. For BPSA positions promotions are outlined in *Article VI Appointments and Classifications* which states fair consideration is given to any applicant within the bargaining unit. The

City reserves the right to select the best qualified applicant, but in the event qualifications are equal the applicant from within the bargaining unit is given preference.

Policy: Leadership Succession Procedure

Adopted by City Council: October 2022

The BPRYCS Department has adopted the following leadership succession procedures to plan for an unexpected incapacitation of the Superintendent or for a planned retirement/resignation of department supervisors. Succession planning is a process of identifying and developing new leaders to succeed current leaders. It is a proactive and systematic investment in building a pipeline of leaders within an organization and identifying strong candidates, so that when transitions are necessary, leaders at all levels are ready to act. The Leadership Succession Procedure does not guarantee advancement to any one individual as qualifications, accomplishments, certifications, interview processes, and other factors will ultimately play a role in final appointments. The plan does create clear trajectories and opportunities for internal advancement within the organization to ensure continuity of the BPRYCS mission of delivering high-quality services and facilities to Bristol residents.

Leadership Trajectory

The BPRYCS Department has developed a leadership trajectory plan to allow employees at every level of the organization opportunity to move up in their careers.

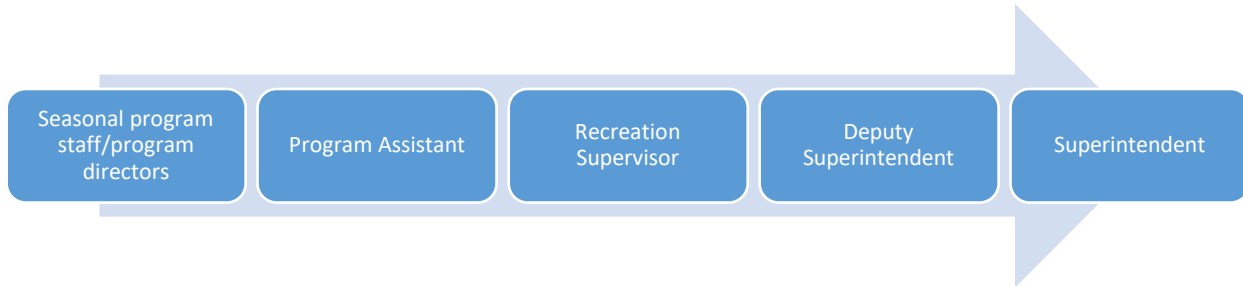

Administration Pathway

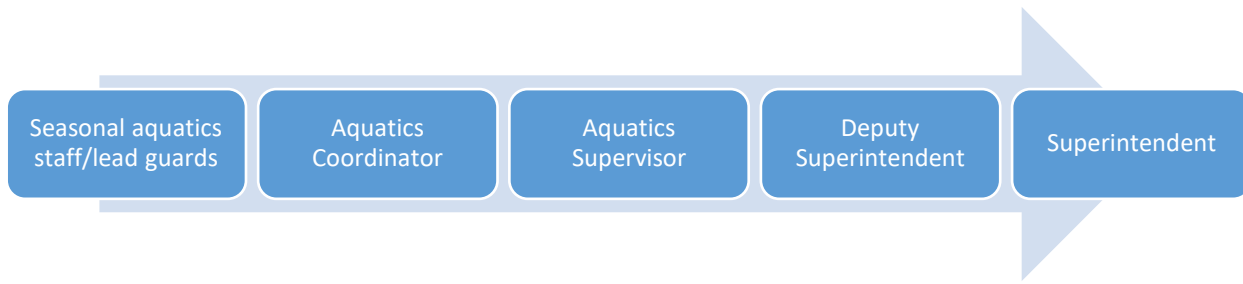

Parks, Grounds & Facilities Pathway

Recreation Pathway

Aquatics Pathway

Youth & Community Services Pathway

Temporary Succession Procedure

In the event of a temporary incapacitation or extended leave of absence for a leadership position in the department, a temporary succession protocol will be implemented to ensure continuity and no disruption in service. When a division supervisor is incapacitated the Deputy Superintendent or Coordinator/Assistant of the division may be asked to serve in the Acting Supervisor capacity. In the event of a specific term of absence or vacancy of the Superintendent, the Board of Park Commissioners shall nominate a duly qualified individual to serve as acting or interim Superintendent to be approved by the City Council (per section 43.h of the City Charter). Per the Leadership Succession Procedure policy, it is strongly recommended that the acting or interim Superintendent shall be the Deputy Superintendent unless there is a significantly compelling justification against the appointment.

Policy: Staff Acceptance of Gifts and Donations

Adopted by Board of Park Commissioners: May 2023

The BPRYCS Department accepts gifts and donations that support the organizations mission from private donors in the form of cash or physical property subject to the *Restricted Gift Donations* policy. Employees of the department may not solicit or accept personal gifts given because of their official position with the city. The staff acceptance of gifts and donations policy is described in Sec. 2-129. Conflict of Interest in the *City of Bristol Code of Ordinances*.

Sec. 2-129. Conflict of Interest

No official shall accept or solicit anything of value whether in the form of a gift or promise of a gift from any person. For the purposes of this section a person shall mean an individual, sole proprietorship, trust, corporation, union, association, firm, partnership, committee, club or other organization or group of persons. A gift shall include the receipt of any payment, subscription, rendering of service, deposit of money or anything of value unless the amount paid by the official is that normally charged to the general public for like goods, services or loans. This section shall not apply to the receipt of any food or beverage or both, consumed on a single occasion. This section further shall not apply to campaign contributions.

No official who has a financial or personal interest, either individually or as a member of a group that has a financial or personal interest, direct or indirect, in any transaction or contract with the city, or decision of any board, body, or commission, or in the sale of real estate, material, supplies, or services to the city, on which he may be called to act upon in his official capacity, shall vote upon or otherwise participate in the transaction, contract, or decision and shall excuse himself from the proceedings in accordance with sections 6 and [64](#) of the Charter of the City of Bristol.

Policy: Job Analysis

Adopted by City Council: October 2022

Personnel are critical to the success of the BPRYCS Department meeting the mission of delivering high-quality services and facilities that enhance the community's quality of life, meet the diverse needs of all citizens, and build a sustainable future. In order to ensure the BPRYCS Department is operating as efficiently as possible, job analysis is conducted on a formal basis.

Annual Budget Process

During the Annual Budget Process division supervisors in conjunction with the Superintendent and Deputy Superintendent review the anticipated personnel needs for the next fiscal year. This includes review of current full-time and part-time positions as well as recommendations for new positions that may improve operations, increase efficiencies, meet a department/city goal, or advance the work of the master and strategic plans. Any new positions must be formally proposed and accompanied by thorough justification and analysis. This may include: cost analysis, impact assessment, efficiency projections, and other supporting data that illuminates the significant need. If endorsed by the Superintendent the proposal will require approvals from the City's Salary Committee before being included in the operating budget for commissioner review.

Vacancy Review

Any time a position is vacated within the department, the Superintendent in conjunction with the Division Supervisor will review the continued need for the position and discuss if job description modifications are required or if a different position would better serve the operation. After analysis is completed the Superintendent will move forward through the proper approval channels to have the position posted.

Job Revision Task Force

Every 3-5 years an internal Job Revision Task Force comprising of representation from all divisions and unions within the department will be convened. Task force members will be charged with conducting a wholesale review of job description language, consistently with descriptions and codes. The task force will make formal recommendations to the Superintendent who will then work with the unions and Human Resources Department to implement changes.

Policy: Code of Ethics

Adopted by City Council: October 1977

BPRYCS Department employees and commissioners are expected to conduct business according to the highest ethical standards, including avoiding conflicts of interest arising from outside employment, family interests, or personal investments. A potential or actual conflict of interest occurs if an employee is in a position to influence a decision that may result in a personal or financial gain for the employee or an immediate family member, as a result of the City of Bristol's business dealings. An immediate family member means any spouse, children or dependent relative who resides in the individual's household. Although it is not possible to specify every action that might create a potential or actual conflict of interest, the *City of Bristol's Code of Ethics and Section 55 of the City Charter* identify some of the situations that most often create a conflict.

Effective January 2023, and every subsequent January, commissioners will be required to sign an Ethics/Conflict of Interest Form provided by the City of Bristol Town and City Clerk.

If an employee or board member has any question whether an action or proposed course of conduct would create a conflict of interest, they should immediately seek advice on the issue from the Superintendent or the City Ethics Board.

Policy: Grants Procedures

Adopted by Board of Park Commissioners: October 2022

Department personnel regularly pursue a variety of local, state, and federal grants to support the work of BPRYCS. The following process was established in alignment with the City of Bristol general policies for grants administration:

Grant Approval Structure

Steps	Phase	Actions
1	Initiation	A grant opportunity is identified that meets a fiscal or programmatic need and helps advance a department goal or objective aligned with the master and strategic plan. The Superintendent or designee reviews and determines BPRYCS meets the grant eligibility and can meet established timelines, matching requirements, staff capacity, and other key aspects of the grant.
2	Pre-Approvals	The Superintendent approves the grant proposal and places it on the Board of Park Commissioner and City Council agendas for approvals to apply.
3	Development	Once the pre-approvals have been secured, the Superintendent assigns the grant to the applicable staff person to draft the application. The City Grants Administrator may be consulted or asked to contribute to the grant development where applicable.
4	Review & Submission	The grant application is sent to the Superintendent for final review and approval before the application is submitted to the sponsoring agency.
5	Publication & Management	Upon receipt of a favorable grant award appropriate announcements will be distributed to all media channels. Assigned staff member will engage in grant administration, management and applicable reporting.

Due to the nature of grants, announcements and application deadlines can often be narrow with minimal notice. In these cases, the Superintendent reserves the rights to pursue the opportunity without board endorsement to ensure the funding opportunity is not lost. In the event that the board or City Council deny the grant, the application can be withdrawn.

Policy: Purchasing Procedures

Adopted by Board of Park Commissioners: October 2022

The City of Bristol Purchasing Department coordinates all procurement and contracting activities for the city in order to obtain cost-effective pricing, ensure consistent quality in products and services, comply with city, state and federal guidelines, and provide overall purchasing transparency for the city. BPRYCS staff adhere to the policies and procedures established in the City's *Purchasing Manual*. The manual is reviewed and modified on a regular basis by the Board of Finance. The *Purchasing Manual* includes policies on:

- General Provisions (Governing authority, role of purchasing, federal procurement standards)
- Policies (Bidding Guidelines, Request for Proposals, Emergency Waiver of Bids, Procurement Cards)
- Procedures (Bidding specifications, evaluation of bids, bonding and insurance requirements)
- Professional Services (Conditions for use, development of scope/specifications, review/evaluation, award considerations)
- Contracts Administration (Authority, guidelines, standard contract clauses)
- Specific Transaction Types (Exempt transactions, blanket orders)

While Department staff are expected to adhere to all aspects of the *Purchasing Manual*, the following are widely understood regular practices:

Purchase Orders - All purchases, not paid for via a procurement card, *must* have an open P.O. *prior* to ordering. Open P.O.s can be found on MUNIS under *P.O. Inquiry*. Select department staff have been issued procurement cards in order to provide a purchasing option for situations or purchases that require immediate purchase. Blanket P.O.'s are opened in order to accommodate vendors the department regularly purchases from in order to expedient purchases.

Tax Exemption - The City of Bristol is a tax exempt organization, and as such, Comptrollers does not process any invoices that includes tax. All staff are required to actively remind cashiers that the purchases are tax exempt and check their receipts before they leave the store. Should staff require a tax exempt certificate for a particular business, the Purchasing Department must be contacted with the name of the company and their address.

Quotes and Bidding - Effective July 2019 the Board of Finance has modified the quote threshold requirements as follows. *Purchasing Manual, 5-6.*

- \$.01 - \$4,999 – no quotes
- \$5,000 - \$9,999 – 3 verbal quotes
- \$10,000 - \$24,999 – 3 written quotes
- \$25,000+ - sealed bids

Policy: Inclusion Process

Adopted by Board of Park Commissioners: October 2021

The mission of the BPRYCS Department is to deliver high-quality services and facilities that enhance the community's quality of life, meet the diverse needs of all citizens, and build a sustainable future. In order to achieve that mission, BPRYCS has embedded social equity and inclusion as a core value guiding the department's work.

Social Equity, Inclusion and ADA Statement

The BPRYCS Department believes that equitable access to high-quality services and facilities is a right, not just a privilege. Our team is committed to providing financial scholarships to families in need,

inclusion services and reasonable accommodations to foster environments that are safe, fun and respectful to all. The City of Bristol will comply with the requirements of the Americans with Disabilities Act.

Inclusion Process

When someone inquires (in person, over the phone or via email) about participating in a program for an individual with a disability, staff members should do the following:

1. Inform them of our department's commitment to social equity, inclusion and ADA statement
2. Encourage them to register for the activity of interest
3. Ask how we can help you? This will ensure the modification or accommodation being requested is clear.
4. Indicate that the Program Supervisor will follow-up to review the details and establish a plan as soon as possible.
5. Inform the Program Supervisor of the communication right away to ensure a timely response to the participant as well as allowing for adequate time for a request to be granted.
6. In the event that the accommodation requires special funding or there are questions pertaining to reasonableness of the request, the Program Supervisor will consult the Superintendent or Deputy Superintendent.

Aligned with our commitment to social equity, inclusion and in compliance with the Americans with Disabilities Act every effort shall be made to accommodate an individual with a disability into a department program. Rare situations may arise in which we are unable to accommodate a request. This may include situations where:

- The modification or accommodation request is deemed unreasonable (see Appendix A for reasonable modifications as defined by ADA).
- It is determined that the individual (or other individuals) will be unsafe in the program even with the supports/accommodations/modifications provided by the department.

Only the Superintendent or Deputy Superintendent may deny a request for accommodation.

Policy: Behavior Redirection and Restorative Justice Philosophy

Adopted by Board of Park Commissioners: October 2021

The BPRYCS Department is committed to ensuring public facilities and programs are safe, inclusive environments for patrons and participants. In order to keep participants, staff, and facilities safe, policies and rules specific to programs and/or facilities have been developed. Due to the public nature of the department, every effort is made to educate participants and patrons on appropriate policies and rules, as well as provide redirection and implement restorative justice when possible. Should a circumstance occur in which redirection is required, the following steps are to be taken, in this order (depending upon the seriousness), until the problem is resolved:

1st offense: The patron or participant is informed of the rule violation and asked to stop the behavior. Staff are to explain the reason for the rule and future consequences should this behavior continue.

2nd offense: The patron or participant is informed of the rule violation again and asked to sit out of the activity for fifteen (15) minutes. If appropriate, a guardian is informed of the rule violation, why the rule is in place and future consequences should this behavior continue. An incident report must be completed.

3rd offense: Depending on the seriousness of the issue, the patron or participant will be referred to the supervisor on duty, who will determine the length of time for suspension. An incident report must be completed. Incidents will be reviewed on a case-by-case situation with consideration to restorative justice and incident context.

For more information regarding program or facility specific implementation of this policy please refer to the specific division's manual or program guidelines.

Policy: Program Cancellations

Adopted by Board of Park Commissioners: October 2019

In order to streamline and create process cohesion amongst the dozens of programs being offered across departmental divisions, the following Program Cancellation Policy has been developed.

1. School Closing or Early Dismissal- If the Bristol Public Schools are closed or have an early dismissal all Parks, Recreation, Youth and Community Services programs are cancelled.

2. If it is an outdoor activity and inclement weather appears to be entering the area the instructor will attempt to notify participants 1 hour prior to the scheduled start time via e-mail, phone call or text message.
3. The Parks, Recreation, Youth and Community Services Department will make every attempt to schedule a make-up class if missed due to inclement weather. If the staff are unable to do so due to scheduling conflicts at the schools, a refund credit will not be issued.

Needs work

Policy: New Program Proposals

Adopted by Board of Park Commissioners: October 2019

Aligned with the BPRYCS Department's Commitment to Innovation and mission to meet the diverse needs of all citizens; new programs are regularly encouraged and pursued. New programs are generally developed through the initiative of a department employee or from a 3rd party instructor from the public. In the event that a department employee or 3rd party instructor wants to propose a new program, the employee will complete a *Program Proposal Worksheet* and submit to the Division

Supervisor for review and then on to the Deputy Superintendent for final approval. Applicable seasonal deadlines are imposed in order to meet marketing/brochure and scheduling timetables. Components of the *Program Proposal Worksheet* includes:

- Program Description
- Program Justification (why it's needed, what unmet need will the program satisfy, connection to master plan/needs assessment)
- Program Summary (ages/grades, gender, days of the week, times/dates)
- Facility/Space Requirements
- Program Goals
- Program Budget (expenditures ad revenue projection breakdown)
- Equipment Requirements
- Rate of Pay

Both staff driven and externally driven programs are evaluated on a number of factors including but limited to:

- Alignment with mission, vision, values
- Community demand/market research
- Relevance to department/city objectives
- Existing programs (both internally and from external community organizations or departments)
- Potential for cost recovery
- Availability of facility space
- Completeness and accuracy of submission

(Source: Program Proposal Worksheet is available at www.bristolrec.com).

Should staff and external 3rd party worksheet be the same?

All program participants, coaches, spectators, volunteers, program leads and officials are expected to:

1. Display good sportsmanship and team play at all times. All participants will conduct themselves in a professional manner consistent with recreational play and the department's mission.
2. Focus on the efforts and performance of participants, rather than winning or losing.
3. Follow all directions and respectfully comply with decisions of department and program staff, coaches, and league officials and encourage others to do likewise.
4. Respect the rights, dignity, and worth of all opponents, coaches, players, umpires and league members regardless of their gender, ability, cultural background or religion.
5. Refrain from negative behaviors such as ridiculing, demeaning, threatening or engaging in verbal or physical confrontations.
6. Respect everyone's time by making every attempt to be punctual and remaining in the agreed upon time frames of the program or rental.
7. Observe all rules established in the *Park and Facility Use Rules and Regulations*.

The BPRYCS Department reserves the right to administer progressive discipline for violations of the *Participant and Spectator Code of Conduct* consistent with the *Behavior Redirection and Restorative Justice Philosophy* at its sole discretion.

Chapter 7: Facility and Land Use Management

Policy: Park Hours

Adopted by Board of Park Commissioners: May 2023

Parks are open daylight to 10:00 P.M. and shall be considered closed after 10:00 P.M. even if the park does not have gates or barriers which prevent access to the park. Some park facilities may only be open during times posted at the facility. No person should be in any park between the hours of 10:00 P.M. and daylight unless they're participating in a department sanctioned activity, driving through the park on

a parkway, hold a permit issued for an afterhours rental at a facility, have been granted permitted parking connected to a contracted vendor, or have written permission from the Superintendent.

Park hours are subject to change by the Superintendent in consultation with the Board of Park Commissioners. Any park or section of park may be closed by the Superintendent at any time. A notice will be posted in any area which is closed.

Policy: Field and Court Rentals

Adopted by Board of Park Commissioners: February 2019

In pursuit of the BPRYCS mission and vision to offer high-quality facilities that enhance the community's quality of life and create healthy citizens; fields and courts are available for private group, non-profit and for-profit rentals. In 2019, in an effort to "Go Green" and streamline the request process, BPRYCS eliminated paper request forms and now user groups looking to reserve fields or courts may submit a

Once the Facility Reservation Request is submitted, accompanying documentation including proper insurance, league rosters (if applicable), and other documents may be requested by the BPRYCS Department prior to a permit being issued. Department staff will be in touch with the organization representative regarding status of their request as soon as possible.

Prioritization of General Field & Court Permits and Fee Schedules

Effective 2019, showmobile requests may be made

directly through www.bristolrec.com. Due to the complex nature of the showmobile a number of fees apply. This includes a \$400.00 transportation fee, a \$200.00 rental fee, a park attendant for \$50.00/hr, and optional sound and lighting technicians for \$25.00/hr. An additional \$125.00 fee is added for events taking place outside of Bristol (within 60 miles). When feasible, the transportation fee may be waived if the delivery is during the regular working day. The following information is requested of applicants.

Policy: Park Lease Agreements

Adopted by Board of Park Commissioners: February 2019

In some cases, the BPRYCS Department has engaged in long-term lease agreements with Bristol based sports organizations to alleviate maintenance responsibilities and provide the user-group a sense of ownership over the space. Lease agreements allow the City to retain ownership of the park property

while subsequently transferring maintenance responsibilities and scheduling oversight to the user-group. The following lease agreements are held:

Park Area Leased	Organization/User Group	Length of Lease	Fee
Muzzy Field & Concessions	Bristol Blues Baseball Club	5 year contract (expires	Varies by year/contract
McCabe Waters/Frazier Field & Concessions	Bristol Little League & Bristol Girls Little League Softball	3 year lease (expires December 31, 2023)	\$2.00/annually

Casey Field Football & Concessions	Bristol Youth Football & Cheer	3 year lease (expires December 31, 2023)	\$2.00/annually

The Board of Park Commissioners shall review and approve any existing renewals or new requests for lease agreements between private organizations and the city. Depending on the nature of the agreement, approvals may require review and final approval from the Corporation Counsel Office and/or City Council.

The Board of Park Commissioners approves long-term lease agreements with Bristol based sports organizations. Organizations that have entered into long-term lease agreements are required to comply with the following maintenance and upkeep standards established by the Board of Park Commissioners:

Mowing: During peak season mowing should occur on a routine basis to ensure the leased spaces are aesthetically pleasing and safe for play. Grass should be cut low and be free of blight.

Grounds Cleanliness: Every effort shall be made by the organization to keep the grounds free of litter. Grounds shall be routinely inspected by representatives of the organization with regularly established clean-ups a minimum of 1 time per week during off season and after each use during peak season.

Building Upkeep: Leased buildings such as concessions and bathroom spaces must be aesthetically pleasing including no peeling and chipping paint. Bathrooms shall be well stocked during the seasons and accessible during play.

Safety: Leased Park space shall be inspected and a safety sweep conducted prior to any activity occurring on the premises. The sweep shall include a review of field conditions to ensure the park spaces are free of hazards including, but not limited to, uneven grounds, holes or divots, unsafe weather conditions and disposed drug paraphernalia such as needles. Each organization is responsible for designating a representative to be responsible for ensuring the grounds are safe for use. Organizations are expected to follow the established *Park and Facility Use Rules and Regulations*.

In the event of questions regarding specific maintenance techniques for leased park spaces, an organization representative may contact the BPRYCS Department and a park maintenance professional may be consulted.

Failure to comply with maintenance and upkeep standards may result in progressive discipline up to and including termination of the lease subject to the *Progressive Discipline for Violation of Park Rental Use Rules and Regulations Policy*.

In order to meet the needs of our park visitors, the BPRYCS Department engages in contracts with qualified vendors to provide concession services at select parks. A Request for Proposal (RFP) is issued and vendors are selected and approved by the Board of Park Commissioners. The City of Bristol reserves the right at any time to terminate the contracts by giving thirty (30) days' notice to the Concessionaire. The Board of Park Commissioners establishes and approves the fee schedule for concessionaires. The following concession agreements are held:

Park Rental fees are reviewed on annual basis by the Board of Park Commissioners Finance Committee with recommendations being adopted by the full board every fall. While fee schedule changes can be introduced or modified throughout the year, it is best practice to make adjustments to fee schedules in the fall prior to the annual budgeting process as there are revenue implications to changes. The following process is to be engaged in for fee schedule changes:

Fee Schedule Change Approval Structure

Steps	Phase	Actions
1	Initiation	A new fee schedule or fee schedule revision is deemed to be needed through internal or external factors.
2	Development	The Superintendent or designee engages in research and review of appropriate fee changes incorporating industry and national best practices, fee schedules adopted by similar or surrounding agencies, community goals and change impact, and other data relevant to the fee schedule. The Superintendent may incorporate feedback from impacted staff members, user groups, and internal committees as deemed appropriate.
3	Review & Approval	The Superintendent presents the new or modified fee schedule to the Finance Committee of the Board of Park Commissioners for their input. Committee input is incorporated and then presented to the full Board of Park Commissioners for formal adoption. Depending on financial impact the fee schedule may be reviewed and approved by the Board of Finance during the annual budgeting process.
4	Publication & Management	Newly approved fee schedules are incorporated into the Policy Manual and communicated out to department personnel and through appropriate website and press channels as appropriate. Training on the new fee schedule may be provided to staff as appropriate. New or modified fee schedules are monitored for success in achieving desired outcomes.

Fee schedules and budgets for individual programs or services are developed and approved at the staff level. Program budgets vary due to changing costs associated with staffing, supplies, materials, and other associated fees. Many programs are directly operated by the Department’s Revolving Account Funds and are not formally budgeted for by the city.

Policy: Park and Facility Use Rules & Regulations

Adopted by Board of Park Commissioners: February 2019

The following is a list of rules and regulations for use on city fields and courts. The list is not meant to be all-inclusive and additional rules may be enforced if the BPRYCS Department and Board of Park Commissioners deem the behavior is in violation of safety of users or health and well-being of the property.

- 1) Any acts that put participants in danger or potential danger (i.e. driving/parking vehicles on the fields) are strictly prohibited.
- 2) Any abuse or damage of city property (i.e. tearing up the field, littering, and purposeful breaking of equipment) are strictly prohibited.
- 3) Use of fields without a permit or during a time when the BPRYCS Department has closed a field due to weather or maintenance.
- 4) Field permits are exclusively for the organization listed on the permit. Subletting field time or usage to other organizations is not permitted for any reasons.

- 8) Any and all maintenance of City of Bristol athletic fields will be performed by city staff (unless specified under a lease agreement). Groups/organizations/teams having specific requests for maintenance will include them in the Facility Reservation Request. City staff will make its best attempt to complete such request with consideration to time, staffing and weather conditions. The city reserves the right to support or deny the request. Additional charges may be assessed to the renting organization.

Weather Closure/Unsafe Field Conditions: The BPRYCS Department reserves the right to close fields due to inclement weather or unsafe conditions at any time. Fields are inspected by city staff and cancellation decisions are made by the Superintendent or designee. The city is committed to optimizing the quality of fields, ensure safety, minimize injury, and reduce damage to fields that lead to costly repairs. If users are uncertain of the status of a field, they are encouraged to contact BPRYCS Main Office at 860-584-6160.

Determining to play on athletic fields is a crucial decision impacting the conditions and sustainability of a field. Fields are closed to avoid injury and damage to players and to the playing surface. Choosing to play on a wet field or the vigorous attempt to dry a wet field are major reasons fields are damaged.

An athletic field should be considered **closed** if any of the following conditions exist:

- There is standing water present on any part of the field that cannot be removed without causing damage to the field.
- There are muddy conditions present that will not dry by the start of the game.
- While walking on the field water can be seen or heard with a footstep.
- While walking on the field of play, any impression of your footprint is left in the surface
- If water gathers around the sole of a shoe or boot on any portion of the field.
- Standing water occurs because the ground is saturated. Removing standing water does not eliminate the saturation. It is the saturation and not standing water that causes damage and unsafe conditions.
- Unsafe weather conditions exist including but not limited to thunder, lightning, hail, etc.

Safety Plans: A supervisor of an activity involving young people has the responsibility to ensure that conditions exist to promote the highest degree of safety possible. For example: higher than anticipated attendance; small children unattended; first aid provisions; etc. Facility users must take appropriate precautions, such as providing onsite medical staff, first aid kits, and/or the ability to contact emergency services. Additionally, the rental organization is responsible for coordinating temporary bathroom needs including port-o-johns. These services are the responsibility of the organization renting the facility.

Policy: Land Acquisition Strategy

Adopted by Board of Park Commissioners: May 2023

BPRYCS is continually identifying opportunities and gathering information for potential park acquisitions to meet the department's mission to provide residents greater access to high-quality recreation and parks. Property acquisitions for park purposes are made possible through a variety of resources including donations, grants and special one-time allocations from the Board of Finance and City Council. Due to limited resources it's important to be selective on which properties to acquire.

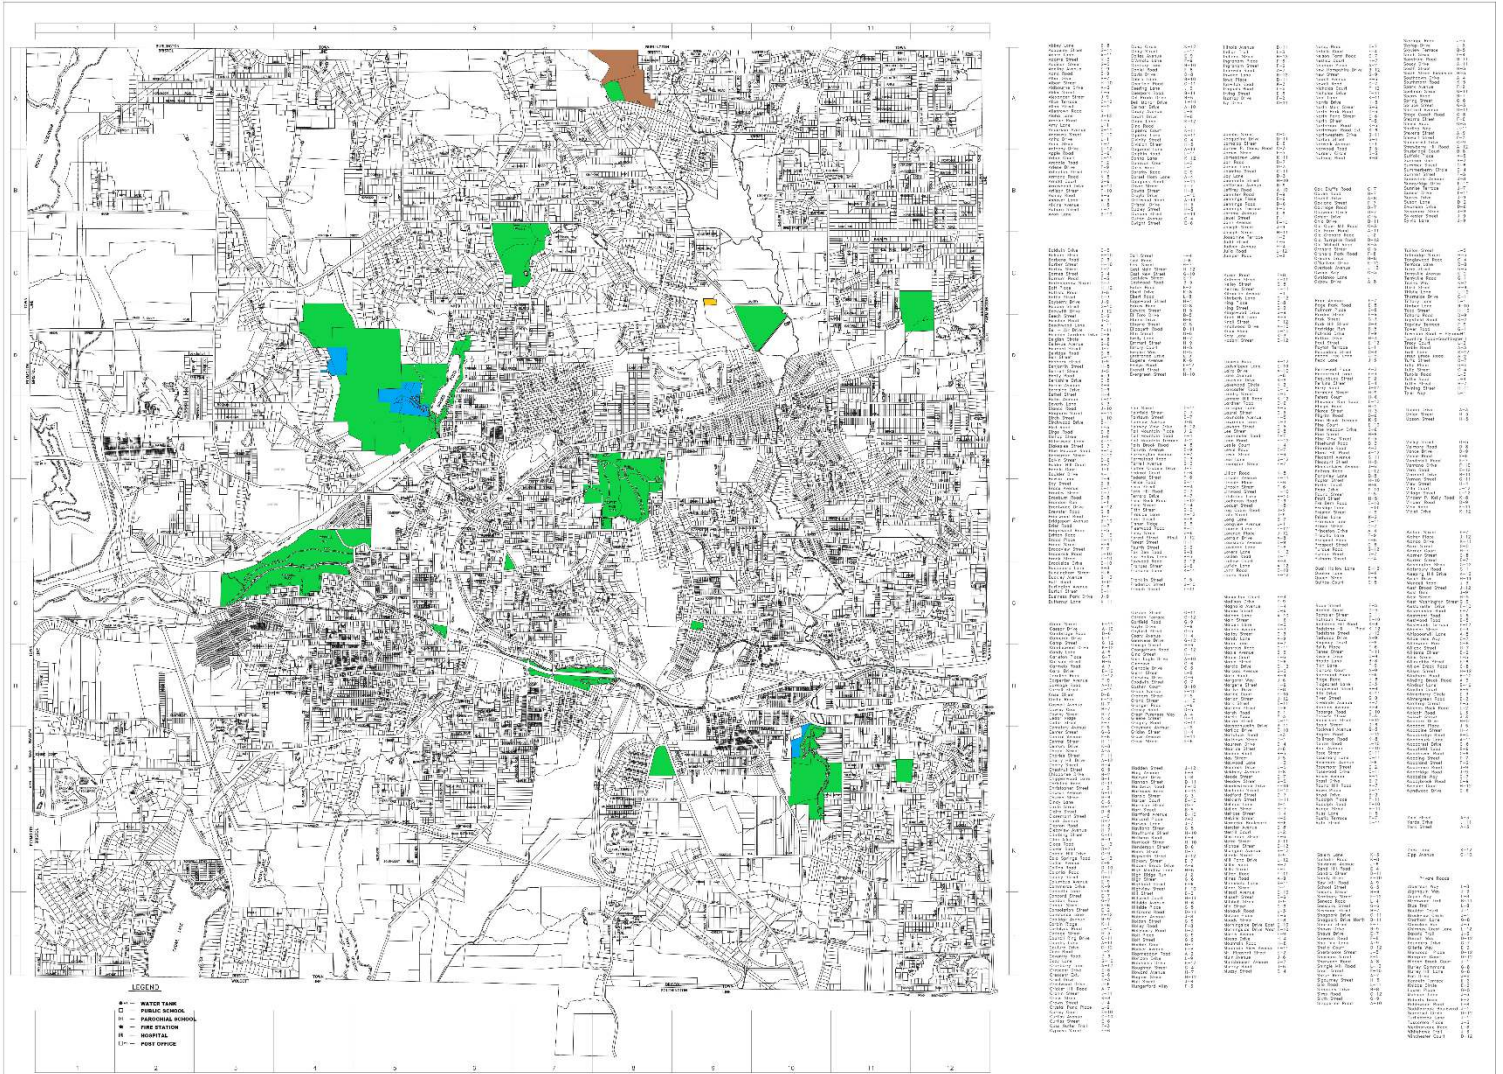

The purpose of this policy is to establish the strategic framework to guide staff and the Board of Park Commissioners in the prioritization, review and approval of new land acquisitions.

Property Considerations must meet 1 or more of the following criteria:

- Connection to recreational needs and/or strategic goals identified in the current Parks Master Plan or other formal community need assessment reports
- Offers a setting in which a diversity of active and passive recreational opportunities can be undertaken, including sites that may be uniquely positioned to offer specific kinds of recreation opportunities not currently offered by the city
- Abuts and/or is closely connected to existing park properties (see Appendix A)
- Abuts the Pequabuck River or other natural area
- Abuts existing and/or future planned bike trails
- Potential to serve a large number of underserved households, or are in high density areas with limited recreational opportunities (See Appendix B)
- Meets equity and access goals such as the 10-minute Walk Campaign (see Appendix B, Appendix C, and Appendix D)
- Contains habitat types that are endangered, under-protected and/or under-represented in the City's park system

Properties that meet 1 or more of the criteria may be pursued by staff and recommended to the Board of Park Commissioners for approval. Properties that are approved by a vote of the Board of Park Commissioners are then referred to the Planning Commission and the City Real Estate Committee for approvals with further referral to the City Council and Board of Finance for funding.

Appendix B: Properties with 10 Minute Walk Impacts

The Trust for Public Land’s 10-minute Walk Campaign encourages safe, equitable access to a high-quality parks within a 10-minute walk of home. Close-to-home parks serve as essential backyards for millions of people and open up countless possibilities for communities and cities by helping to confront some of today’s most pressing urban challenges. The 10-minute walk metric—equivalent to approximately a half-mile for an able-bodied person—is the average distance most people are willing to walk to reach a destination. Ensuring that all people have access to a park within a 10-minute walk of home and that there’s adequate park space in all neighborhoods is essential to creating an equitable park system.

Appendix C: Properties with a Mental and Physical Health Impact

Public parks support good health for people of all abilities, ages, socio-economic backgrounds, and ethnicities. Parks help reduce obesity and incidence of chronic disease by providing opportunities to increase rigorous physical activity in a variety of forms and provide a connection to nature which studies demonstrate relieves stress levels, tightens interpersonal relationships, and improves mental health. These areas highlight the prevalence of the two following CDC metrics from 2021 data: Poor mental health: Respondents aged ≥18 years who report 14 or more days during the past 30 days during which their mental health was not good.

Lack of physical activity: Respondents aged ≥18 who answered “no” to the following question: “During the past month, other than your regular job, did you participate in any physical activities or exercises such as running, calisthenics, golf, gardening, or walking for exercise” Source: TPL

Appendix D: Properties with a Temperature Impact

Urban heat islands are urban or metropolitan areas that are warmer than their surrounding rural areas, due to human activities, such as energy use, transportation, and building construction, which generate and retain heat. These areas highlight where urban heat islands coincide with high density of people outside a 10-minute walk of a park using Landsat 8 satellite imagery to identify thermal reflectance values hotter than 1.25 degrees over the average of the whole City. Parks with tree canopies are one of the most effective ways to combat extreme heat cooling the air temperature by as much as 17 degrees

Policy: Ed Swicklas Employee Garden Park

Adopted by Board of Park Commissioners: May 2022

The purpose of this policy is to establish guidelines and standards for the administration of the Ed Swicklas Employee Garden Commemoration program. Established in 2022, the program was developed to honor and recognize retired employees of the Parks, Recreation, Youth & Community Services Department that meet the following criteria:

- Must have served a minimum of 15 cumulative years in the BPRYCS Department.
- Years of service must be full time. Part time, seasonal, or contractual years do not count towards cumulative years of service.
- Years of service do not need to be consecutive. Meaning someone may have started in, or transferred to another department for a period of time or left the city for another position and returned.
- Individual must have retired from the BPRYCS Department. Individuals that retire from another department will not be considered even if they have 15 years of cumulative service with the department.
- The employee must be considered an employee in good standing with the City in order to qualify for the program. Individuals whose employment status with the City has been severed will not be eligible as determined by the Superintendent in consultation with Human Resources

Every July, the Superintendent of Parks, Recreation, Youth and Community Services will compile the list of eligible retirees from the past year and present the names and supporting documentation to the Board of Park Commissioners for review and approval. After approval, the names will be added to the plaque as soon as reasonably possible. For efficiency and cost-effectiveness, the plaque will be updated once a year and not each time someone retires (unless there is a compelling reason to do so sooner as determined by the Board of Park Commissioners)

Policy: Low Mow Program

Adopted by Board of Park Commissioners: **October 2023**

Following a successful pilot program in 2023, the BPRYCS Department adopted a “Low-Mow” maintenance policy in alignment with the department’s commitment to sustainability and conservation. Park areas are designated “Low-Mow” due to their landscape design, environmental benefit (e.g., erosion control, bio-infiltration, and habitat), low impact on recreation, and underutilization. “Low-Mow” areas are seeded with native vegetation and are mowed once a year in late winter/early spring to encourage reseeding and invasive species management. Paths may be mowed through or around “low-mow” areas in order to encourage passive recreation. Benefits to this approach include improved employee safety, enhanced stormwater management and water quality, increased local plant and wildlife habitat, and reduced fuel usage and emissions. “Low-Mow” areas are reviewed on an annual basis and are labeled with educational signage explaining the program to the public.

Policy: In-Service Training for Staff on Public Safety and Law Enforcement
Adopted by Board of Park Commissioners: October 2022

Reference site trainings, active shooter- amry and Jaimie's training

Policy: Addressing Homeless Encampments in Public Parks
Adopted by Board of Park Commissioners: May 2022

Purpose

Homelessness, which was already steadily increasing prior to 2020, has been exacerbated by the Covid-19 pandemic and will continue to remain a complex community challenge in the years to come. The professional staff of the BPRYCS play a vital role in supporting and advancing the health and well-being of all individuals in the City of Bristol, including people who are experiencing homelessness. Department staff provide community resources, programs and services which include (but not limited to) counseling, short term case management, EBT/Snaps program at the Bristol Farmer's Market, dynamic drug free communities program and coalition, as well as on-going initiatives and collaborations with our community partners and non-profits.

The BPRYCS Department also has the responsibility to create public parks that are safe, attractive and well-maintained aligned with our mission to enhance the quality of life for Bristol residents. In order to balance these responsibilities with a person-centered approach to our residents experiencing homelessness, a formal policy was developed. The policy outlines a clear process for removing homeless encampments in public parks while connecting individuals to essential services.

Process

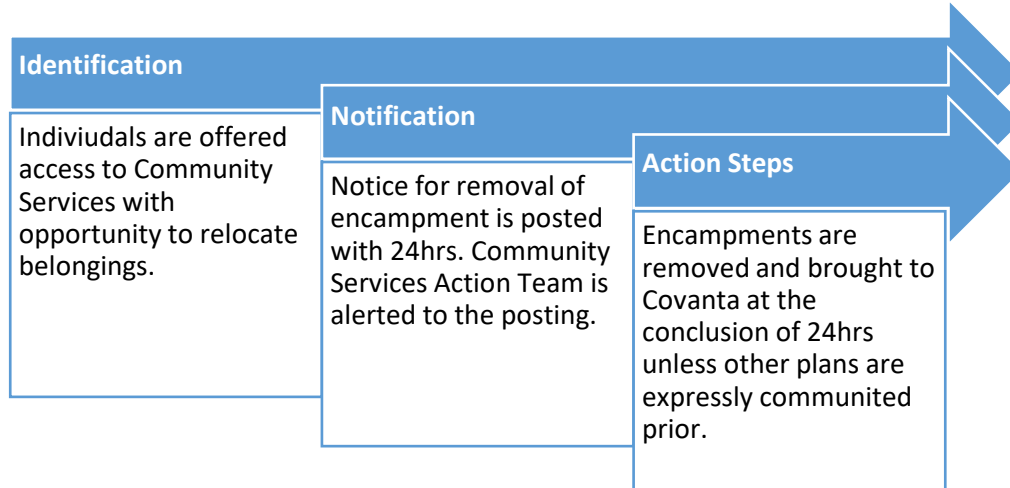

Understanding that every individual experiencing homeless has a unique set of circumstances and there is not a "one size fits all" approach to managing a situation, it should be understood by all parties, that situations are fluid and subject to change when public safety is at risk. The following process was developed as a framework to help guide the staff in this work.

Step 1: Identification- When an individual who is experiencing homelessness is discovered in a park, the staff member should assess the situation and upon determining it is safe to do so, introduce themselves and ask if they need any assistance? Staff are encouraged to ask if they are interested in speaking to the Community Services Coordinator to review available resources and supports. If the situation does not appear safe or the staff member is not comfortable they should contact the Community Services Coordinator and alert them of the individual's presence in the park. Police should be contacted if the individual appears violent or threatening to themselves or others. If they are interested the staff member should assist them in contacting the Community Services Office. If they refuse, the staff member should provide the individual with the business card of the Community Services Coordinator in the event they change their mind. If a homeless encampment is discovered without an individual on site, the staff member shall contact Community Services Coordinator to inform them of the encampment.

Step 2: Notification- After consultation with the Community Services Coordinator the staff member will post the notice of removal form in a secure location on the encampment. The notice informs the individual that they have 24 hours to remove their belongings from the site. At the time of the posting the Community Services Coordinator will send a notification to the Community Services Action Team members informing the collective group of the notice being posted. At that time a community support agency may opt to intervene and make arrangements to remove the encampment as well as other services as required.

Step 3: Action Steps- At the conclusion of the 24 hour notice, unless otherwise instructed by the Community Services Coordinator, the Parks, Grounds and Facilities crew will remove the encampment and bring to Covanta.

Figure 1. Homelessness Encampment Notification and Action Process

Community Services Action Team

The Community Services Action Team will be comprised of the following contacts in order to alert all relevant providers of the homeless encampment. Community Services Coordinator will initiate the alert and it is expected that a provider will take ownership of the situation, clearly communicate an action plan, and then follow through on the plan. The alert system is not meant to be an on-going dialogue but rather an assignment of responsibilities. Confidentiality of clients must be maintained.

Chapter 9: Risk Management

Policy: Risk Management Plan

Adopted by Board of Park Commissioners: September 2022

Risk management is the responsibility of all BPRYCS employees. BPRYCS will make reasonable efforts to ensure that all parks and recreational facilities owned or managed by the City of Bristol and all recreation programs offered by or through BPRYCS are safe and legally compliant, and are maintained for safe and healthy working conditions by following standardized practices designed to safeguard employees and citizens. A formal *Risk Management Plan*, adopted in September 2022, guides department staff. The elements of the plan include:

BPRYCS personnel will adhere to the *Risk Management Plan* designed to minimize hazards that can result in personal injury, property damage or financial loss. The department will utilize the following means of implementation:

- A minimum of (1) full time staff member will regularly participate on the City Safety Committee

Policy: Accident and Incident Report Procedures
Adopted by Board of Park Commissioners: TBD

Policy: Loose Needle Collection

Adopted by Board of Park Commissioners: May 2022

To prevent injuries or illnesses to members of the public and City employees from improperly disposed of sharps, and to aid staff in the safe collection and disposal of sharps found in parks.

Policy Statement

The City of Bristol strives to provide safe public spaces for the use and enjoyment of all persons residing, working, recreating, or visiting Bristol. This policy outlines the procedures to minimize the risk of inappropriately discarded needles on City park land.

Note: Parks, Recreation, Youth and Community Services is not responsible for responding to or disposing of needs on private property.

Background

In a collaborative effort with external partners and internal staff, the Department of Parks, Recreation, Youth and Community Services has identified an immediate need to address the safety and security of personnel and those utilizing City parks. Staff collects and tracks improperly disposed of sharps. Staff frequently discover improperly discarded used sharps (e.g. hypodermic needles, syringes, lancets, and other paraphernalia) in trash cans, on restroom floors, in the landscape, and in many other locations within City parks' property. The purpose of this guideline is to provide safe needle and syringe collection and disposal.

Procedure

Only staff trained in the safe collection and disposal of hazardous sharps are authorized to do so. All maintenance staff shall be trained and provided with appropriate needle and syringe collection equipment. Collection receptacles shall be available in parks fleet vehicles and park buildings. All reasonable measures and precautions shall be taken by staff to protect their own health, as well as the health and safety of community members, in accordance with the procedure of this Policy and as required by the Occupational Health and Safety Act 1984, during the collection, disposal and transport of such waste. Staff must utilize the following procedure during the collection and disposal of needles and syringes:

1. Use an approved sharps disposal container. If an approved sharps disposal container is unavailable, find a strong, rigid-walled, plastic container with a screw-top lid, (e.g. a plastic soda container or similar; no glass bottles as they can shatter).
 - a. If you use anything other than an approved sharps disposal container: securely fasten the lid, tape it shut, and write "sharps waste" on the container in large letters with permanent marker. Dispose of the improvised container in an approved and appropriately-sized sharps disposal container.
 - b. Always wear the correct personal protective equipment as established during training.
 - c. Always wash hands thoroughly with soap and water after collecting sharps. If that's not available post sharps collection, apply hand sanitizer.

2. Take the container to the sharps (not the reverse), place the container on the ground next to the sharps. Do not hold the container when depositing the sharps.
3. Handle the sharps by the barrel end only (“non-needle” end), and never touch the sharp or metal end. Puncture resistant gloves shall be used as personal protective equipment by all staff members who are responsible for the collection of sharps.
4. Never try to re-cap a sharps or break off a needle.
5. Place the sharps inside the container.
6. Tightly secure the lid.
7. When emptying trash receptacles, whether sharps evidence (e.g. orange caps, etc.) is present or not:
 - a. Do not compact trash content with any body part (i.e. hands, feet, etc.)
 - b. Wear puncture proof gloves.
 - c. Handle the edges of the container only.
 - d. Hold the container away from your body.
8. When removing needle collection boxes from the approved sharps disposal container:
 - a. Look from the top first to make sure the container is not overfilled with needles.
 - b. Cautiously remove the container with the proper PPE (i.e. puncture resistant gloves).
 - c. Clean any signs of blood or bodily fluids around the receptacle with products known to kill pathogens (e.g. Bleach, Envy) prior to installing new collection cartridge.

Sharps Exposure Policy

In the event of a needle/syringe contact that breaks skin (e.g. puncture, scratch, cut), the employee shall immediately:

Step 1 Wash the injury thoroughly with soap and water. DO NOT squeeze the area around the injury to encourage bleeding.

Step 2 Collect the sharps properly and report the injury immediately to the Supervisor. The Supervisor will initiate a careful search of the area where the injury took place and recover any other items, using safe handling procedure.

Step 3 The employee, with the needle/syringe (in an approved sharps container), shall be taken immediately to MedWorks (975 Farmington Ave, Bristol, CT 06010) for medical treatment. Physicians may recommend blood tests or immunization. Prior to returning to work, a Return to Work form and the Provider’s Initial Report (PIR) form must be completed by a physician and returned to the Supervisor.

Step 4 The Supervisor will complete a workplace incident, accident, and/or injury report form in accordance with requirements of the Occupational Health & Safety Act of 1984.

Safe Disposal Methods

1. Rigid sharps containers shall be provided with disposable plastic inserts at the Park’s Maintenance Building (240 Jacobs Street) as well as other locations within park property, as deemed necessary.

2. Parks staff is responsible for the installation, repair, and maintenance of all rigid sharps containers and disposable plastic inserts on department property.
3. Any disposal and collection point that is damaged, rusted, missing a rigid sharps container, or is in substandard condition must be decommissioned, replaced or repaired, and reported to the Parks, Grounds, and Facilities Supervisor.
4. Sharps must not be clipped, bent, broken, recapped or otherwise altered. All precautions must be taken to prevent injury.
5. Puncture resistant gloves must be worn during this service. Note: these gloves are not impervious to needles and due care is to be taken.
6. The sharps container sites shall be clear, left clean and tidy to the satisfaction of City standards.
7. All Parks staff shall be trained in the following:
 - a. Blood Borne Pathogens
 - b. First Aid/ CPR
 - c. Narcan Administration
 - d. Safe collection practices and disposal techniques

Safety and Health Considerations

1. Staff shall wear all the proper personal protective equipment (PPE) garments (e.g. gloves, boots, vests, ear protection, safety glasses, hard hat, and other necessary attire).
2. If at any time staff feels unsafe or unsure with regard to any component of proper sharps handling procedures, they shall stop and ask the group leader or supervisor.
3. Staff shall never place body parts into areas where they cannot see.

Policy: Covid-19 Policies and Procedures

Adopted by Board of Park Commissioners: May 2022

Throughout the entirety of the Covid-19 pandemic, the BPRYCS Department remained committed to delivering high-quality essential services and facilities to Bristol families. Emergency Covid-19 policies and procedures were developed in conjunction with the Bristol-Burlington Health District and City of Bristol policies to establish procedures to create an environment that reduces the chance of Covid-19 exposure in BPRYCS programs, services and facilities. The Covid-19 Policies and Procedures include guidance and direction on the following:

- Face Coverings
- Staff Procedures
- Recreation Program Procedures
- Spectator Expectations
- Aquatics Facility Guidelines
- Youth & Community Services Appointment Protocol
- Counseling Services
- Youth Enrichment Programs
- Staff Protocols for Covid-19 screening
- Communications Policies

While Covid-19 cases appear to be on the decline with state mandates and policy restrictions lifted, the department recognizes the need to stay prepared for future policy modifications as circumstances change. Emergency policies may be reinstated at the direction of local, state, and federal changes.
