Stormwater Permit Information for Developers and Contractors

If your project disturbs more than one acre of land, regardless of phasing, you are responsible for the requirements of the Connecticut Department of Energy & Environmental Protection (DEEP) *General Permit for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities* (“Construction Stormwater General Permit”).

If your project is greater than 5 acres, you are required to submit a registration for the Construction Stormwater General Permit at least 60 days prior to the planned commencement of the construction activity. A copy of your Stormwater Pollution Control Plan shall be provided to the City upon request.

If your project is between one and five acres, you must adhere to the erosion and sediment control land use regulations of the City of Bristol which can be found in the Code of Ordinances, Zoning Regulations and Inland Wetland and Watercourses Regulations, as well as the Connecticut Guidelines for Soil Erosion and Sediment Control and the Connecticut Stormwater Quality Manual. No registration or plan review and certification is required for such construction activity provided a City of Bristol land-use commission (i.e. Planning, Zoning, or Inland Wetland) reviews and issues a written approval of the proposed erosion and sediment control measures, pursuant to the requirements of section 22a-329 of the Connecticut General Statutes.

More information can be obtained by calling the DEEP at 860-424-3000 or visiting their Construction Stormwater General Permit webpage at:

Environmental Health & Drinking Water Branch

DWS Circular Letter #2021-86

TO: Councils of Government, Municipal Planning Commissions, Municipal Zoning Commissions, Municipal Planning and Zoning Commissions, Municipal Zoning Boards of Appeals and Municipal Inland Wetland Agencies

FROM: Lori Mathieu, Public Health Branch Chief, EHDW

DATE: October 14, 2021

SUBJECT: Statutory Requirement to provide Electronic Notification to the Connecticut Dept. of Public Health (DPH) for project applications within Drinking Water Watersheds or Aquifer Protection Areas

The Connecticut Department of Public Health (DPH) Drinking Water Section (DWS) is asking all municipalities and Councils of Government to review the following sections of Public Act 21-121, signed by the Governor on July 6, 2021.

Effective October 1st, 2021, Sections 3 and 4 of Public Act 21-121 revise the notification processes of Sections 8-3i and 22a-42f of the Connecticut General Statutes (CGS) to require electronic notifications (rather than mail as previously required) to DPH whenever an application, petition, request or plan is filed with the zoning commission, planning and zoning commission, zoning board of appeals or inland wetland agency for any regulated activity or project on any site that is within the aquifer protection area or the watershed of a public water supply. The applicant is required to provide the electronic notice not later than seven days after the date of the application.

A form and mapping application have been provided online to assist applicants in complying with these requirements. The form is available at: [DPH Project Notification Form](#) and the mapping application is available at: [DPH Project Notification Form Mapping Application](#).
